Case Laws:

1) Issue Involved:

- **In the ITAT Mumbai, in case of Interactive Avenues Pvt Ltd vs DCIT Circle 14(2)(1), Mumbai [Assessment Year: 2015-16], December 1, 2020 [2020]**

GIST OF THE CASE:

The assesse is an internet advertising agency . During the relevant previous year, the assesse had made certain payments to Facebook Ireland Limited towards the cost of advertisements, carried by facebook, for its clients. In the course of the scrutiny assessment proceedings, the Assessing Officer noticed that the assesse has not deducted tax at source from these payments to Facebook Ireland Limited, whereas, for the detailed reasons set out by the Assessing Officer, the tax was deductible from the same under section 195 of the Income Tax Act, 1961.Thus, the Assessing Officer disallowed these payments to Facebook Ireland Limited, in computation of business income, under section 40(a)(i).

HELD:

Provision of section 40(a)(i) relevant extracts from which are as follows:

Section 40: Amounts not deductible

Notwithstanding anything to the contrary in sections 30 to 38, the following amounts shall not be deducted in computing the income chargeable under the head "Profits and gains of business or profession",—

(a) in the case of any assessee—

(i) any interest (not being interest on a loan issued for public subscription before the 1st day of April, 1938), royalty, fees for technical services or other sum chargeable under this Act, which is payable,—

(A) outside India; or

(B) in India to a non-resident, not being a company or to a foreign company,

on which tax is deductible at source under Chapter XVII-B and such tax has notbeen deducted or, after deduction, has not been paid on or before the due datespecified in sub-section (1) of section 139.

After a Plain reading of the above section, it can be easily understood that for an expenditure to be disallowed, it is necessary that the expenditure should be claimed as deduction u/s 30 to 38. In the present case, assesse has not claimed any deduction in respect of expenditure incurred on payments made to Facebook Ireland Limited, and, therefore, the impugned disallowance of payment made to Facebook Ireland Limited is wholly devoid of any legally sustainable merits.

Thus it can be concluded that if no deduction has been claimed of an expenditure, the question of disallowance does not arise.

2) Issue Involved:

The assesse had earned Long term capital gain and claimed exemption u/s 10(38) of the act. The A.O concluded that the assesse had adopted a colorable device to avoid tax and made an addition of bogus LTCG solely on the basis of report of the investigation wing Kolkata.

- **In the High Court of New Delhi, in the case of PCIT -12 v. SMT Krishna Devi [ASSESSMENT YEAR 2015-16], 15.01.2021.**

GIST OF THE CASE:

The Respondent-Assessee is an individual who has derived income from interest on loan, FDR, NSC and bank interest under the head of 'income from other sources' in respect of A.Y. 2015-16. She filed her return of income, declaring total income of Rs. 13,96,116/-. After claiming deduction of Rs. 1,60,000/- under Chapter VI-A, the total taxable income of Respondent was declared to be Rs. 12,36,120/-. The case was selected for scrutiny. During the scrutiny proceedings, the AO noticed that for the relevant year under consideration, the Respondent had claimed exempted income of Rs. 96,75,939/- as receipts from Long Term Capital gain under Section 10(38) of the Act. He concluded that the assesse had adopted a colorable device of LTCG to avoid tax and accordingly framed the assessment order under Section 143(3) of the Act at the total income of Rs. 1,09,12,060/-, making an addition of Rs. 96,75,939/- under Section 68 read with 115BBE of the Act on account of bogus LTCG on sale of penny stocks of a company named M/s

Gold Line International Finvest Limited. The appeal before the CIT(A) was dismissed and additions were confirmed with the observation that the Respondent had introduced unaccounted money into the books without paying taxes. Further appeal filed by the Respondent before the learned ITAT was allowed in her favour, and the additions were deleted. Aggreived by the order of the ITAT, revenue filed an appeal before high court.

HELD:

The Ld A.O formed a conclusion that the assesse had entered into an agreement to convert unaccounted money by claiming fictitious LTCG. The A.O extensively relied upon the survey operations conducted by the Investigation wing, Kolkata. However, the A.O did not make necessary actions to obtain necessary evidence to form a conclusion that they were accommodation entries. The Ld ITAT held that the assesse has successfully discharged the initial onus cast upon it under the provisions of Section 68 of the Act. Therefore, it was held that no substantial question law arises of the consideration of High Court.

Risk Based Internal Audit (RBIA) Framework – Strengthening Governance arrangements

1. In terms of the Guidance Note on Risk-Based Internal Audit issued by RBI banks are required to put in place a risk based internal audit (RBIA) system as part of their internal control framework that relies on a well-defined policy for internal audit, functional independence with sufficient standing and authority within the bank, effective channels of communication, adequate audit resources with sufficient professional competence, among others.

2. To bring uniformity in approach followed by the banks, as also to align the expectations on Internal Audit Function with the best practices, banks are advised as under:

a) Authority, Stature and Independence - The internal audit function must have sufficient authority, stature, independence and resources within the bank, thereby enabling internal auditors to carry out their assignments with objectivity. Accordingly, the Head of Internal Audit (HIA) shall be a senior executive of the bank who shall have the ability to exercise independent judgement. The HIA as well as the internal audit function shall have the authority to communicate with any staff member and have access to all records or files that are necessary to carry out the entrusted responsibilities.

b) Competence - Requisite professional competence, knowledge and experience of each internal auditor is essential for the effectiveness of the bank's internal audit function. The desired areas of knowledge and experience may include banking operations, accounting, information technology, data analytics and forensic investigation, among others. Banks should ensure that internal audit function has the requisite skills to audit all areas of the bank.

c) Staff Rotation - Except for the entities where the internal audit function is a specialised function and managed by career internal auditors, the Board should prescribe a minimum period of service for staff in the Internal Audit function. The Board may also examine the feasibility of prescribing at least

one stint of service in the internal audit function for those staff possessing specialized knowledge useful for the audit function, but who are posted in other departments, so as to have adequate skills for the staff in the Internal Audit function.

d) Tenor for appointment of Head of Internal Audit - Except for the entities where the internal audit function is a specialized function and managed by career internal auditors, the HIA shall be appointed for a reasonably long period, preferably for a minimum of three years.

e) Reporting Line - The HIA shall directly report to either the Audit Committee of the Board (ACB) / MD & CEO or Whole Time Director (WTD). Should the Board of Directors decide to allow the MD & CEO or a WTD to be the 'reporting authority' of the HIA, then the 'reviewing authority' shall be with the ACB and the 'accepting authority' shall be with the Board in matters of performance appraisal of the HIA. Further, in such cases, the ACB shall meet the HIA at least once in a quarter, without the presence of the senior management, including the MD & CEO/WTD. The HIA shall not have any reporting relationship with the business verticals of the bank and shall not be given any business targets. In foreign banks operating in India as branches, the HIA shall report to the internal audit function in the controlling office / head office.

f) Remuneration – The independence and objectivity of the internal audit function could be undermined if the remuneration of internal audit staff is linked to the financial performance of the business lines for which they exercise audit responsibilities. Thus, the remuneration policies should be structured in a way that it avoids creating conflict of interest and compromising audit's independence and objectivity.

3. The internal audit function shall not be outsourced. However, where required, experts, including former employees, could be hired on contractual basis subject to the ACB being assured that such expertise does not exist within the audit function of the bank. Any conflict of interest in such matters shall be recognised and effectively addressed. Ownership of audit reports in all cases shall rest with regular functionaries of the internal audit function.

Banks may therefore, use the ratings of the CRISIL Ratings Limited for the purpose of risk weighting their claims for capital adequacy purposes.    Strengthening of Grievance Redress Mechanism in Banks

   1. As part of the disclosure initiative, banks were advised to disclose in their annual reports, summary information regarding the complaints handled by them; and certain disclosures were also being made in the Annual Report of the Ombudsman Schemes published by the Reserve Bank. To further strengthen grievance redress mechanisms, banks were mandated to appoint an Internal Ombudsman (IO) to function as an independent and objective authority at the apex of their grievance redress mechanism.

   2. Effective grievance redress should be an integral part of the business strategy of the banks. It is, however, evident from the increasing number of complaints received in the Offices of Banking Ombudsman (OBOs), that greater attention by banks to this area is warranted. More focused attention to customer service and grievance redress will ensure satisfactory customer outcomes and greater customer confidence.

   3. In view of the above, and to further strengthen the customer grievance redress mechanism in banks, it has been decided to put in place a comprehensive framework comprising of enhanced disclosures by banks on

customer complaints, recovery of cost of redress from banks for the maintainablecomplaints received against them in OBOs in excess of the peer group average, and undertaking intensive review of the grievance redress mechanism and supervisory action against banks that fail to improve their redress mechanism in a time bound manner.
